Sonographer Job Description

Commitment: 4-12 per week

Reports to: Nurse Manager/Executive Director

General Summary: Sonographers will work directly with clients performing limited obstetric ultrasounds.

General Responsibilities:

- Commitment of one scheduled shift per week.
- Functions under the supervision of Nurse Manager.
- Follows policies & procedures of the medical clinic.
- Provides education about pregnancy and fetal development.
- Maintains confidentiality of clients.
- Attends scheduled professional development meetings on a regular basis.

Knowledge and Skills:

- Current RDMS credential in obstetric sonography.
- Current CPR license.
- Knowledgeable about pregnancy and fetal development. Proficiency performing first and second trimester ultrasounds, including abdominal and transvaginal.
- Solid commitment to Pregnancy Help Clinic's Mission, Statement of Belief and Values.
- Successful completion of the Volunteer Orientation and Medical Staff Training.
- Ability to answer questions with knowledge and understanding of PHC programs and policies.
- Excellent listening and communication skills.
- Ability to give great attention to detail.
- Ability to learn and maintain ultrasound machine.

Physical Demands and Work Environment:

- While performing this job, the volunteer is regularly required to stand, bend, lift, and use their hands for long periods of time.
- Business casual office attire and a lab coat required.
- Completion of Hepatitis B vaccination series required.
- Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Additional Information

- Sonographers can determine the days and times they will perform scans. Scheduling will be organized through the Medical Program Director.
- Sonographers who choose to receive a compensation per scan will be considered a 1099 worker and will be required to complete a W-9.
