

JOB POSTING

Nurse Practitioner, PA or RN

Looking for an opportunity where you can apply your nursing skills in a life affirming practice? Work for a ministry that seeks to support woman in her pregnancy decision by providing vital medical information.

About Us:

Pregnancy Help Clinic (PHC) is a faith-based 501(c)(3) specializing in providing vital life-affirming medical testing and education to a woman when she first finds out she is pregnant. Additionally, clients receive parent mentoring and material support until their child turns 3 years old. PHC has provided free and confidential services for families in need for 46 years.

The Position:

This part-time position performs direct nursing duties including upholding clinic medical policies and procedures to ensure accurate implementation of physician's orders. Nurses will work directly with patients to perform pregnancy tests, assist with ultrasound exams, provide options counselling, health education, referrals, and perform STI testing and treatment on board our mobile medical clinic.

The ideal candidate will maintain a working knowledge of nursing methods, increase knowledge of management, obstetrical and gynecological care, and women's health issues. A professional nursing license and compliance with state and professional continuing education requirements is required.

The Location:

The mobile medical clinic will be based in Brighton and travel to Ann Arbor and Lansing. Staff can ride to the operation location on board the unit or travel in their own vehicle.
